*** Product is natural and variations will occur.

Description: Concentrate of silica from rice, light tan in color, used to replace Silicone Dioxide (a synthetic) as an anti-caking agent.

Typical Use Rates:

Anti-Caking Agent	1:1 replacer for SiO ₂
Pelletizing / Tableting	1:1 replacer for SiO ₂
Spray Drying	1:1 replacer for SiO ₂
Anti-Foaming	Determined by processor's needs

Benefits:

- Eliminate a Synthetic
- Clean-up Labels
- No Maximum Use Rate
- Reduce Impact on Color
- Certified Organic

Particle Size Options:

Nu-Flow: < 70 micron

Label: "Rice Concentrate" or "Rice Hull Concentrate"

Packaging: 45 lbs bag in a box/27 boxes per pallet = 1,215 lbs

Storage: Store at <90° F (32 Celsius) and >32° F (0 Celsius)

Shelf Life: 2 years

Certifications:

- Certified Organic – Oregon Tilth / EU
- Kosher Parve – OU
- GRAS - Self Affirmation
